- list item 1
  - nested list item
    - nested nested list item 1
    - nested nested list item 2

- list item 2

This is a paragraph.

Example 1. Example block title

> Content in an example block is subject to normal substitutions.

Sidebar title

Sidebars contain aside text and are subject to normal substitutions.

Third level heading

Listing block title

```
Content in a listing block is subject to verbatim substitutions.
Listing block content is commonly used to preserve code input.
```

Fourth level heading

Table 1. Table title

Column heading 1	Column heading 2
Column 1, row 1	Column 2, row 1
Column 1, row 2	Column 2, row 2

Fifth level heading

> I am a block quote or a prose excerpt. I am subject to normal substitutions.
>
> — firstname lastname, movie title

> I am a verse block.
>   Indents and endlines are preserved in verse blocks.
>
> — firstname lastname, poem title and more

First level heading

💡 There are five admonition labels: Tip, Note, Important, Caution and Warning.

1. ordered list item
   a. nested ordered list item

2. ordered list item

The text at the end of this sentence is cross referenced to the third level heading

First level heading

This is a link to the Asciidoctor documentation. This is an attribute reference that links this text to the AsciiDoc Syntax Quick Reference.

Including Source Code from a source file

```
package com.book

import org.springframework.boot.autoconfigure.SpringBootApplication
import org.springframework.boot.runApplication

@SpringBootApplication
class BookApplication

// tag::mainMethod[]
fun main(args: Array<String>) {
    runApplication<BookApplication>(*args)
}
```

Include a specific method from the file

Add the following comment ahead of the desired method // tag::mainMethod[]

```
fun main(args: Array<String>) {
    runApplication<BookApplication>(*args)
}
```

Chapter 1

Firstname Lastname <author@asciidoctor.org> 3.0, July 29, 2022: AsciiDoc article template :toc: :icons: font :url-quickref: https://docs.asciidoctor.org/asciidoc/latest/syntax-quick-reference/

This is the content from chapter 1

First level heading

This is a paragraph with a **bold** word and an *italicized* word.

[1] I am footnote text and will be displayed at the bottom of the article.
